U.N. OBSERVATION TEAM IN LEBANON—Five United Nations officers arrived in Lebanon, June 12 from Israel in convoy to set machinery to supervise Lebanon's border with Syria in accordance with resolution passed by the UN Security Council. Heavy fighting flared again in Beirut, Lebanon's capital city, with security forces shelling the home of rebel leader Saeb Salam.

Rebels Keep Up Bloody Stand

U.S. Families Given Consent to Leave Lebanon; Dag to Head Team

BEIRUT (AP) — American families had the go-ahead to move out of Lebanon today as the anti-government rebels kept up a determined, bloody stand before U. N. Secretary Dag Hammarskjöld's arrival to direct his international team of observers.

Bitter fighting broke out in the capital Saturday and continued Sunday until government security forces pinned down the insurgents in their strongholds at the center

of Beirut. Heavy shooting stopped by noon, but sporadic firing and bombing were heard the rest of the day.

In the gravest warning to Americans in the Middle East since the 1956 Suez crisis, the U. S. Embassy offered free transportation out of the strife-torn country to dependents of embassy staff members. The 5,000 other Americans in Beirut were urged to stay off the streets.

So far no foreigners have been hurt in the month-old rebellion against President Camille Chamoun's pro-Western government, which charges the insurgents have been directed by President Nasser's United Arab Republic and inspired by its pan-Arab expansionist policies.

The Lebanese casualties have been reckoned with upward of 500. Fighting Saturday killed 50 persons, and the large number of ambulances in Beirut Sunday was evidence of the continuing bitter battle.

Premier Sami Solh's downtown house was sacked and set afire by rebels, but he had moved out and was living with his daughter in another part of the city.

Security forces shelled the roof and top floor of rebel leader Saeb Salam's home. Salam was unhurt, but one of his lieutenants, Adnan Nahas, was killed.

Hammarskjöld is due here Tuesday.

Kidnap Fuss Fails to Ruffle Kathy Crosby

HOLLYWOOD (AP) — Bing Crosby's wife is back in town apparently unconcerned about all the fuss over a gaunt ex-convict's plot to kidnap her for 100,000 ransom.

"I haven't told Bing—he's salmon fishing off Alaska," said Mrs. Crosby, who arrived Sunday night from judging a beauty contest at Reno, Nev.

"But even if I could reach him," she added, "what is there to tell him?"

Meanwhile, the sheriff's office said Wilburn E. Davidson, 48, who admits hatching the plot with a partner, probably won't be prosecuted. Davidson said he abandoned the plan when he learned Mrs. Crosby was pregnant.

"Davidson probably is going to get life anyway because he has admitted his part in four robberies and two kidnappings with intent to commit robbery," said Detective Sgt. Jack Morris.

The plot to kidnap Mrs. Crosby was revealed Saturday by Davidson's niece Nicki Snow, 19. She told authorities in Seminole County, Okla., that Davidson and Eugene Kling, tried to get her to help them.

Davidson was arrested May 30 shortly after a suburban Lakewood supermarket was robbed of \$25,000. Kling, 40, got away in another car, officers said, with \$23,000 of the loot.

Miss Snow said Davidson wanted her to stay with Mrs. Crosby while the attractive brunette actress was a captive. Miss Snow said she told her uncle she wanted no part of the proposed crime.

day night to attend the first formal meeting of the U. N. observation team, sometime this week. The observer force is expected to total 27 by the end of the week—17 who have already arrived from the U. N. truce organization in Palestine and 10 from Norway.

A June 11 Security Council resolution charges the team with stopping any arms or men from getting through to the rebels.

Union Seamen Go On Strike

East, Gulf Coasts May Be Affected

NEW YORK (AP) — Two maritime unions struck today, refusing to sail without contracts.

The walkout of 1,700 engineers and 10,000 unlicensed tanker seamen could tie up nearly 700 American-flag ships operating out of East and Gulf Coast ports.

The striking unions, the Marine Engineers Beneficial Assn. and the National Maritime Union, said negotiations would pick up again later in the day. Meanwhile, they said, "no contract, no sailing."

The engineers are employed on 443 dry cargo and passenger ships, the 10,000 seamen on 231 oil tankers.

There is no large passenger ship berthed in New York now and none is expected to sail before Wednesday. The walkouts do not affect ships at sea.

The Marine Engineers struck after the union rejected a contract offer by the Dry Cargo and Passenger Ship Operators.

The strike by the tanker seamen was unexpected. The NMTU had tentatively approved a three-year contract covering about 30,000 unlicensed seamen employed on the dry cargo and passenger ships.

American Radio Assn., representing 500 operators, reached agreement on a new contract with the

2 Airmen Presumed Killed In Crash

OXNARD, Calif. (AP)—An Air Force jet crashed and burned in a bean field Sunday night. The pilot and radarman were presumed killed.

The F89 Scorpion was on a training flight from Hill Air Force Base, Ogden, Utah, to Oxnard Air Force Base. It crashed on a landing approach.

The Air Force said the two airmen were presumed to have died in the flaming wreckage. They were identified as 1st Lt. Earl Kerns, 23, of Thomas, W. Va., and 1st Lt. Milton Mickens, 29, of Lima, Ohio.

America, Japan Sign 10-Year Atomic Pact

WASHINGTON (AP) — The United States and Japan today formally signed a ten-year atomic agreement.

The treaty will provide Japan with 2,700 kilograms of enriched uranium-235 to fuel nuclear power reactors expected to start operation by the end of this year.

Labor Pledges Mass Buying of Medical Care

Doctors' Objections Grow; Unions' Health Head Raps Criticism

WASHINGTON (AP) — Labor unions pledged today to spread the mass purchase of doctor care for workers despite growing objections from the medical profession.

Dr. Morris Brand of New York, president of the American Labor Health Assn., charged that objections from medical groups were "motivated largely by economic rather than ethical principles."

He referred to criticism from the American Medical Assn. and state and local medical societies that mass purchase of medical care interposes a third party between doctor and patient.

Dr. Brand, head of the Sidney Hillman Health Center of the Amalgamated Clothing Workers Union, said in a statement prepared for the opening session of a two-day labor health conference: "Certain segments of the medical profession have been doing everything in their power to prevent the establishment of consumer and union sponsored prepaid group practice medical programs."

"Their activities take the form of coercion, social and professional ostracism, restrictive legislation and other overt and covert acts. These activities by the medical politicians have been increasing."

A reply to these charges is expected from the AMA at its San Francisco convention next week.

Dr. Warren F. Draper, executive medical officer of the United Mine Workers welfare fund, said in another prepared address that his program has realized substantial savings since it decided eight months ago to restrict its roster of acceptable physicians.

Dr. Draper said state medical societies in Colorado, Illinois, Pennsylvania and Kentucky have sought to retaliate against the Mine Workers fund for the steps it has taken to police fund expenditures.

But Dr. Draper insisted that "it is the right of all labor health services to control their own medical care program and they must insist on this right if the cost of medical care for their people is to be kept within reasonable bounds."

Multiple Sclerosis Tag Days Net \$422

Salem Y-Teens collected \$422.14 in their recent "Tag Days" for the benefit of the multiple sclerosis Hope Chest campaign.

Mrs. Darrell Fadely, local chairman, said tabulations of city and county collections will be made as soon as all committee members' reports are turned in.

Although the campaign, which began May 11, was officially closed Sunday, contributions are still coming in and others whose contributions were delayed for some reason may still send their checks to the Multiple Sclerosis Fund, in care of the Farmers National Bank or the First National Bank.

Local Amvets, Auxiliary Members Are Elected

Mike Oana of the Salem Amvets and Mrs. Torch Nedelka and Mrs. Alton Fields of the Salem Amvets Auxiliary were elected to state offices at the annual state convention held Friday, Saturday and Sunday in Cleveland.

Mr. Oana was elected one of six state vice commanders of the Ohio Amvets. Mrs. Nedelka was elected secretary of the Ohio Amvets Auxiliary, while Mrs. Fields was re-elected sergeant at arms.

E. Richard Sherman of Delaware, a veteran of 37 months in the Air Force, succeeds Dale R. Otto of Cincinnati as commander.

Mrs. Shirley Greenfelder of Massillon is the state auxiliary's new president.

Speakers at the annual banquet for the Amvets and the auxiliary at the banquet Saturday night in the Statler Hotel were the Hon. John R. Blandford, chief counsel of the Armed Services Committee, House of Representatives and Lt.

Gov. of Ohio, Paul M. Herbert. The banquet was followed by the annual Commanders Ball.

The local auxiliary received a certificate of merit for its public relations work this past year, while trophies for the annual Ohio State Amvets Bowling Tournament went to Bill Wagner of the Salem post for singles handicap championship and to Bob Snyder of the local post for the high doubles championship.

The next state convention will be held in June of 1959 at Cincinnati.

Two Sentenced On Arraignment Day

STUTTLER ARRAIGNED IN COURT, PLEADS INNOCENT

LISBON — Five defendants pleaded innocent to breaking and entering of Burbeck Hardware in East Liverpool on June 9, 1954.

Bond was set at \$2,500 or \$500 more than bond already posted for three other indictments returned in 1956, including burglary of Winland Lumber Co. and Pearl China Co. in 1954 and the J. C. Penney Co. in 1952.

Harry R. Johnston, 1102 Chestnut St., East Liverpool, pleaded not guilty to possession of obscene literature and bond was set at \$1,000.

Orin Clyde Barrett, 19, of Chester, W. Va., pleaded guilty to auto theft and asked for probation. Bond was continued at \$500.

Jack Coconis, 22, of Sugar St., East Liverpool, pleaded innocent to forgery and Dale McCombs, 20, of Akron, pleaded guilty and asked for immediate sentencing. He was sentenced to 1 to 20 years in the Ohio Penitentiary.

Mrs. Elsie Moore of New Cumberland pleaded guilty to armed robbery of the Golden Food Market in East End, East Liverpool about three years ago and asked for Probation. Bond was set at \$500.

Charles Wright, 30, of Niagara Falls, pleaded not guilty and was placed on \$1,000 bond on two counts of forgery.

Arner Bacon, 26, of Industry, Pa., cutting with intent to wound, pleaded not guilty. Bond was continued at \$1,000.

12 Policemen Freed In Delinquency Case

TOLEDO, Ohio (AP)—Charges that 12 policemen and a fireman contributed to the delinquency of 17-year-old Marcella Rose were dismissed today after the girl refused to testify at her trial.

Common Pleas Judge Tom Stahl took the action on the recommendation of assistant Prosecutor Anthony Pizze.

Pizze said he talked to the girl this morning in the detention home and she told him she would continue to refuse to testify on grounds it might tend to incriminate her. She refused to talk at a grand jury hearing last week on the same grounds.

Also contributing to the downfall of the state's case was the disappearance of Marcella's parents who earlier had signed affidavits accusing the policemen and fireman of drinking with the girl and having sexual relations with her.

British Troops Fly to Cyprus

3,000 Paratroopers to Bolster Island Force

NICOSIA, Cyprus (AP) — British jet transports loaded with paratroopers began streaking into Cyprus today in the second phase of a troop buildup to keep peace on this Mediterranean island.

About 3,000 paratroopers will bolster the permanent British force of 25,000.

The paratroopers arrived as news was being voiced here and abroad that the strife between Turkish and Greek Cypriots may spread into a conflict that could crack the eastern arm of the North Atlantic Alliance.

In Turkey, mobs cried "Partition or death." This was their demand that Britain divide the island between the 400,000 Greek Cypriots and the 140,000 Turks.

The Turks bitterly oppose the Greek demand that this island—a British crown colony—be turned over to Greece.

There was a jittery calm in Cyprus as the island awaited Britain's announcement—expected Tuesday in London—of its plan for the future of Cyprus.

ABC Cancels TV Interview With Lodge

NEW YORK (AP) — The American Broadcasting Co. Sunday night canceled a filmed interview with U.S. Ambassador Henry Cabot Lodge.

The ambassador, said the network, had insisted upon editing certain portions of the interview. ABC said that to have permitted the deletions would have constituted editorial censorship in violation of company policy.

Dr. Robert Hutchins, president of the Fund for the Republic took issue with ABC and defended Lodge, he interview was to be part of a current series on the program Mike Wallace Interview. The series is produced jointly by the fund and Newsmakers Productions.

Hutchins said in a prepared statement: "In refusing to allow an official of a television network to determine what statements of his should be broadcast, Ambassador Lodge is perfectly within his rights."

The fund president said previous programs in the series were revised with the network's approval.

Man Falls Under Wheels of Truck In Wellsville

Pittsburgh Woman Is Victim of Fiery Crash on Turnpike

A man and woman were killed on area highways in two accidents that occurred in Columbiana and Mahoning counties Sunday and this morning. Both accidents involved trucks.

Dead are Joseph B. Gray, 86, of Bellows Falls, Vt., and Nina Milberg, 22, Pittsburgh, Pa.

Mr. Gray, Columbiana County's eighth fatal traffic victim of the year, fell under the wheels of a passing truck on 11th St. in Wellsville Sunday at about 8:35 a.m.

A patient at the Wellsville Rest Home for about three weeks, he apparently was out for a walk. He died as a result of head injuries and a crushed chest.

Driver of the truck was David Pethel, 26, of East Liverpool.

County Coroner Ernest Surgis ruled the death accidental. The body was returned to Vermont for burial.

Pittsburgh Woman Dies

In the second fatal accident, the Pittsburgh woman, driver of an eastbound vehicle on the Ohio Turnpike, died when an eastbound truck-trailer struck the rear of the car she was driving at 2:15 this morning.

She was alone at the time.

The car crashed into a guard rail and burst into flames less than a mile from the Niles-Youngstown interchange in Mahoning County.

The truck, owned by Len Wenzell, of Alberte, Minn., was driven by Delbert R. Burrell, 32, also of Alberte. Burrell was not injured, the patrol said.

The victim's body was taken to the Lane Funeral Home in Mineral Ridge. O. Frederick Greene of Turn To TWO KILLED, Page 8

Russia Calls 2 Envoys For Moscow Talks

LONDON (AP)—The Soviet government has summoned its ambassadors in London and Washington to Moscow for consultations—presumably connected with intensified East-West summit and nuclear arms negotiations.

Jacob Malik left his London post by plane shortly after it was revealed that Mikhail Menshikov had slipped out of Washington and headed for the Soviet capital.

Malik told reporters: "I am going on business. When one goes to do business in one's own country, it is always a pleasure."

He did not disclose the nature of his business or how long he would be away. Ten officials of the Soviet Embassy saw him off.

Recently the pace of diplomatic exchanges between Moscow and the West has quickened.

Soviet Premier Nikita Khrushchev sent lengthy communications last week to President Eisenhower and Prime Minister Macmillan dealing with summit matters. Contents of these notes have not yet been made public.

Timid Typhoon Causes One Death In Texas

BROWNSVILLE, Tex. (AP) — Alma, the timid typhoon, ripped to her demise in the lower Rio Grande Valley areas of Texas and Mexico today.

The tropical storm, first of the hurricane season, did not pack the punch of storms striking the Gulf of Mexico area in previous years.

One death was blamed on high waves churned up by the storm. The victim was A. B. Wilson, 29, of Houston. He drowned Sunday while swimming on Galveston Beach.

Rise of Steel Prices Forecast

Steel Magazine Sees
Increase of \$5 a Ton

CLEVELAND (AP) — Steel prices will almost certainly go up, the magazine Steel predicted today. Probable increase: About \$5 a ton.

Public opinion, reduced demand, and competition from other metals are restraining influences against a price rise, Steel said.

"But they won't prevent a moderate hike," the magazine added. The increase is expected July 1.

Increased buying by steel users attempting to build inventories before prices rise has increased operations at the mills. Also adding steam to the 3.5-point rise in operations to 65 per cent of capacity last week were inventory replacement and demand generated by construction activity.

Increased operations last week — the steelmaking rate has advanced for seven straight weeks — resulted in the highest weekly steel output this year. Production was about 1,725,000 net tons of steel.

Only three districts — the Far West, Detroit, and Birmingham, Ala. — showed declines in operations last week. The remaining 11 districts either held firm or showed increases. Cleveland was up 6.5 points to 43 per cent. Youngstown was up one point to 50 per cent. Cincinnati increased one point to 61 per cent.

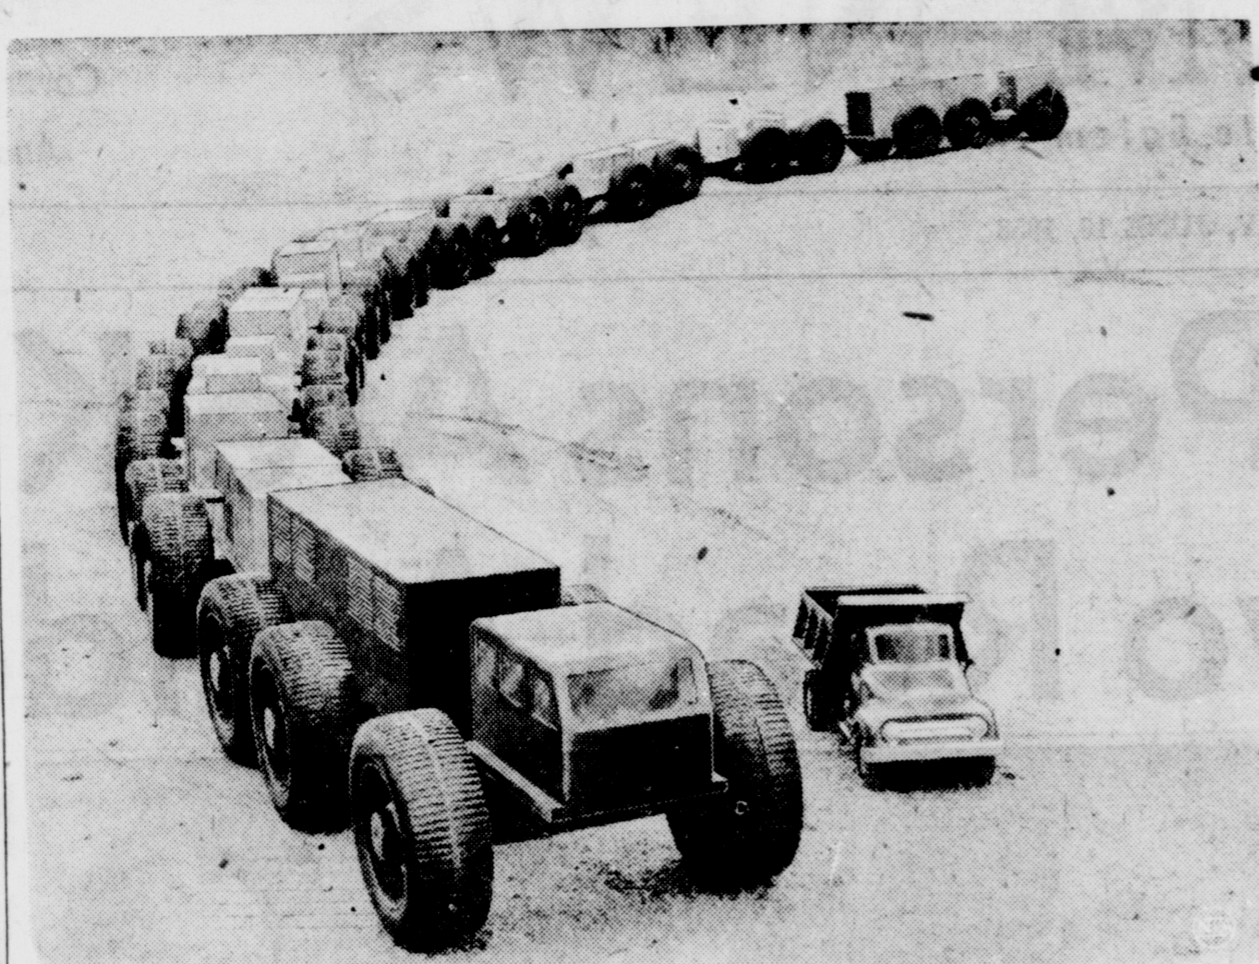

July's outlook is grim, Steel said. Production may drop to the recession low of 47.8 per cent of capacity set in April.

Scrap prices halted a recent advance. The magazine's composite price on prime grades fell 50 cents to \$35.67 a gross ton.

Tito Defends Getting U.S. Aid as Reds Howl

BELGRADE, Yugoslavia (AP) — President Tito and the Soviet bloc swapped broadsides Sunday. Tito defended his acceptance of U. S. aid, and Peiping radio compared him with Judas Iscariot for taking the American help.

Tito asked a crowd of 50,000 in the coal mining town of Labin what right Nikita Khrushchev had to attack Yugoslavia for getting U. S. aid when the Soviet Premier Washington.

TRAIN WITHOUT TRACKS—Designed for the atom age, this scale model (3/4 inch equals 1 ft.) of a serpentine land monster is put through its paces near the R. G. LeTourneau, Inc., plant at Longview, Tex. The 450-foot-long vehicle, with all-wheel drive for its 52 wheels, would be suitable to be powered by either atomic reactors or conventional types of engines. The company, world's only builder of "rubber-tired trains," constructed the electrically powered model to prove out the practicability of the machine. Large toy dump truck to right gives some idea of how big the full-sized version would be.

Salem UCT Unit Wins Top Honors at Ohio Convention

Delegates from Salem Council, United Commercial Travelers of America, attending the Ohio UCT convention in Dayton last week brought top honors in all activities back to the local council.

Salem Council won first place awards in its youth, cancer and safety programs and for its civic activities. As part of its safety program report, an eight-minute movie was screened showing the recent safety parade and the operation of the vehicle safety check program, both sponsored by the local UCT group.

The movies were taken by UCT members Rudy Linder and George McLaughlin; they were shown by Rex Hundermarck and narrated by Ray Reich.

William M. Schaeffer was awarded a cash prize for his membership work during the past year. He also won a trip to the Supreme Council Session to be held in New Orleans June 29 to July 3. He wrote the second highest total of applications in Ohio.

Reich attended the meeting of the Secretary-Treasurers' Association of Ohio on Thursday and served as chairman of its auditing committee. He served as grand past counselor during the regular convention on Friday and Saturday and received his honors on Saturday by being made a past grand counselor of Ohio for having served six years in the various state offices.

He was elected to be an Ohio delegate to the Supreme Council Session in New Orleans. He received an emblematic jeweled ring for his services to the Ohio organization and served as a grand marshal when Glen O. Dobbs of Cleveland was installed as the new grand counselor of Ohio.

Schaeffer served as chairman of the committee for "suggestions for the good of the Order," and Louis C. Moushey served as chairman of the cancer committee and also as a teller for the election of officers.

Delegates who attended the convention representing Salem Council were Aubrey Cain, William Mackey, Charles Vincent, Moushey, Schaeffer, Fred Bowen, Paul Brooks, Ray J. Greenisen, Hundermarck and James Johnson. Mrs. Cain, Mrs. Mackey, Mrs. Vincent, Mrs. Moushey and daughter, Bonnie, Mrs. Hundermarck, Mrs. Johnson and Mrs. Reich accompanied their husbands on the trip and participated in the activities held for the women.

The Ohio convention will be held next year in Toledo. Reich was appointed to serve as chairman of the committee for the suggestions for the good of the order and Hundermarck was appointed a member of the grand youth committee for next year.

Salem is the third largest council in Ohio with a membership of 1228.

Two Senators Try to Limit Trade Length

WASHINGTON (AP) — Sen. Styles Bridges (R-NH) today joined Sen. William F. Knowland (R-Calif.) in a drive to limit to three years the extension of the reciprocal trade law.

Bridges, who heads the Senate Republican Policy Committee, said in an interview he will not go along with a House-passed five-year extension which President Eisenhower has asked Congress to approve.

"The present Republican administration will be in power another 2 1/2 years," Bridges said. "Nobody knows what will happen in the 1960 elections and I see no reason for taking any chances and extending this authority for five years."

James C. Hagerty, White House press secretary, said Saturday Eisenhower wants the five-year extension voted by the House, and will continue to work for passage of the bill in that form. He apparently will need strong support from Democrats.

As approved by the House, the bill would provide optional methods for tariff regulations by which the President could cut rates by as much as 10 per cent in any year's period but not more than 25 per cent over five years. Any rate now more than half of the value of a product could be reduced to 50 per cent.

The three left on a fishing trip a week ago Sunday in a 14-foot outboard, found capsized the following day.

Red Envoy Flies Back to Moscow

Menshikov Returns
On 'Official Mission'

WASHINGTON (AP) — Soviet Ambassador Mikhail Menshikov was flying back to Moscow today, perhaps to report on the progress of his hail-fellow-well-met brand of diplomacy here.

Without any advance public notice, Menshikov left New York yesterday aboard a Scandinavian Airlines plane which landed early today in Copenhagen. He then switched to a Soviet airliner.

A Soviet Embassy official who confirmed his departure, said Menshikov was summoned home on what the official called a "temporary official mission." The embassy aide said Menshikov is expected to return to Washington within a few days—"a couple of weeks at the outside." The official said he could not give the precise reason for the call home.

Mrs. Menshikov was said to have remained here while her husband made the trip to Moscow — his first since taking over as ambassador to the United States last Feb. 6.

Embassy officials said the State Department and other embassies in Washington were informed that Menshikov was returning briefly.

However, the first public word that Menshikov had left Washington came when Scandinavian Airlines sent New York newspapers and press associations pictures of the Soviet envoy boarding a plane at New York International Airport.

32 Counties To Take Pre-Induction Physicals

Election Set At Boys' State

Warren Youth Up
For 'Ohio Governor'

CAMP PERRY, Ohio (AP) — More than 1,000 citizens of Buckeye Boys' State will elect a full slate of state, county, city and court officials today.

The Federalist and Nationalist parties held rallies at the camp theater Sunday night following a day of vigorous campaigning by the candidates. Handmade posters, urging the backing of various candidates, covered cabin walls and most other available space.

Robert S. Thompson of Warren is the Federalist nominee for governor, while Donn Griffith of Akron heads the Nationalist ticket.

Other nominees for state offices, with the Federalists listed first, are as follows:

Lieutenant governor—John Lowe of Marysville and John Race, Cincinnati; secretary of state—Richard Bell, Shaker Heights, and Jerry Dicuccio, Euclid; treasurer—Edward Walsh, Akron, and Thomas Webb, Shaker Heights; auditor—Frank Eastman, Cincinnati, and Jerry Mitchell, Massillon; attorney general—Chester Jastrem-

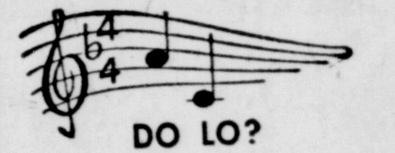

ski, Toledo, and Nicholas Pry, Crestline.

Thirteen boys filed petitions for election as chief justice of the Supreme Court and 46 others sought six Supreme Court judgeships.

The governor, other state officials and Supreme Court members will be installed tonight.

Output per Manhour has
to do some climbing, too

Mountain climbers tie themselves together. They don't do it to hold each other back, but so they can climb without getting hurt. Makes sense, but note they have to move together, or there's no progress.

If we are ever going to lick inflation, those two chaps are going to have to stick together better than they have been. Output per Manhour is way behind.

U. S. Bureau of Labor Statistics figures show average hourly earn-

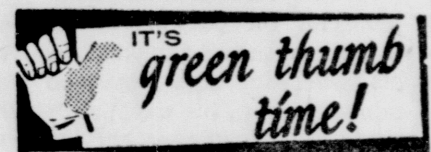

ings of workers in manufacturing industries in the last ten years have risen 59 percent while output per man-hour increased only 27.1 percent in all private industry except farms. The disparity is even greater when all employment costs for hourly and salaried employees are taken into account as they must be.

In steel the figures for the same period showed output even farther behind — this despite company investments of millions in improved processes and modern equipment.

Put Down the Crowbar

Fred J. Milligan, executive secretary of the Ohio Information Committee, which has been in the thick of the fight over the payment of supplemental benefits to Ohio wage workers, finally has brought the basic issue into the open.

Commenting on the effort to legalize SUB in Ohio as something other than remuneration, which would be deductible from unemployment compensation under the Ohio law, Mr. Milligan wonders why it wouldn't be simpler for employers and unions with SUB provisions in their contracts to make new agreements.

The issue, says Mr. Milligan, is whether the parties to a private contract shall conform to the policy of the state, or whether the state shall change its policy to suit the parties to a private contract.

The parties that have agreed to SUB provisions can do anything they want to do with the money that has been put in reserve. Why, then, are they so insistent on changing

the policy of Ohio to let them do what no one else would have a right to do?

The answer is that they hope to use SUB as a crowbar to force a drastic policy change in Ohio. The change they seek would open paying industrial employees what would be the way to ultimate state responsibility for amount, in effect, to a guaranteed annual wage, in contrast with unemployment compensation, which is designed to be a tide-over subsistence allowance until an unemployed worker can return to a payroll.

Thus, what is presented to the public as an issue over SUB is only incidentally an issue over SUB. That could be settled easily over a lazy weekend by the parties to work agreements containing SUB provisions. What they really want to have settled, using SUB as a lever to force a change in Ohio policy, is whether or not a guaranteed annual wage for workers ultimately will be made a responsibility of the state of Ohio.

'The Way It Always Will Be'

Not everybody can afford to be as philosophical about being a goat for adversity as a big league baseball manager. But Jack Tighe, first human sacrifice of the new season, was particularly mellow when he lost his job with the Detroit Tigers. "Right or wrong, that's the way it always has been and always will be," he said.

Aside from the fact managers work under contracts and get paid when they get fired, they also have developed a point of view that sustains them through adversity. With rare exceptions, they feel that they were being paid in the first place for doing something that was impossible; therefore, if they cannot do the impossible it is not their fault.

But someone must be the goat when the impossible cannot be done, and that is why big league ball teams that are expected to finish in or near the first division fire their

managers when they go into prolonged slumps.

They have everything to gain and nothing to lose. Because the manager has a contract, he has nothing to lose, either. The whole thing is a mild form of organizational insanity, but sometimes it seems to work. The Tigers may win games for their new manager, but they would have won them for Tighe eventually, provided they have not lost all their ability.

That is always a fair question. Are the players good enough to win? Recently, when the Mariannes, a second vision club in the International Balance of Power Circuit, fired a manager named Pflimlin and put in a hopeful named De Gaulle, the same question arose.

Would the Mariannes make De Gaulle look like a genius, or had they passed their prime?

For Cleaner Streets

The Salem Manufacturers Association has come out publicly for cleaner streets.

To accomplish this, and in a more efficient manner, the manufacturers have suggested that City Council give consideration to the purchase of a mechanical street cleaner.

Both the present and past mayors have favored acquisition of a street cleaner but Council couldn't seem to find the necessary funds. If Council takes another more searching look at the municipal pocketbook and also a critical look at some of our dirty streets, the city officials might consider the purchase a necessary and wise investment.

Over a period of several years the operation of a street cleaner probably would be more economical than the inefficient method now being pursued.

Extra Month of DST

City Council has given a first reading to an ordinance which would extend Daylight Savings time through October, instead of reverting to Eastern Standard time the last Sunday in September.

Unless objections are heard, Council will adopt the new ordinance so that the extra hour of daylight can be enjoyed for one additional month. This would conform to the majority of other district cities and villages. One city, Wellsville, decided against the extension because mothers protested it would still be dark in the mornings when children left for school.

If Salem joins in the extension of DST it will be for the sake of uniformity because nothing is more confusing than overlapping time boundaries in neighboring towns.

An Army GI may soon be part soldier, part grasshopper, part firecracker and part kangaroo, eligible for decorations in each category. A rocket strapped to his back gives him race-horse speed on the ground and barn-swallow speed over rivers, lakes and other obstacles.

This reduces his squawk, "My feet hurt," and substitutes, "My back is overheated." The invention depresses sergeants.

They had enough trouble with him on the ground. Now they have to be bird watchers.

Ordinarily, Walking Is a Healthy Thing ...

Analysis of Macmillan's Visit

By JAMES MARLOW

WASHINGTON (AP) — The impression left by President Eisenhower's three-day talk with British Prime Minister Macmillan was that of two old friends nodding "yes, sir" to each other on everything.

They showed no sign of disagreement. At the same time they didn't appear to have solved anything, either. But the meeting hadn't been billed as a world-shaker in the first place.

But it was one of those things in which, behind the privacy of the White House walls, one man may have been a real influence

on the other. In this case Macmillan perhaps influenced Eisenhower's thinking on Red China.

That might explain the startling way in which Secretary of State Dulles suddenly said Red China should be included in any arrangement to police a ban on nuclear testing to prevent cheating.

Almost a year ago the prime ministers of 10 British Commonwealth nations, meeting in London, urged that Red China, as a potential nuclear power, be asked to join in any disarmament agreement or any agreement on ending nuclear tests.

But this government not only refuses to recognize the Red Chinese as the government of mainland China but opposes membership of them in the United Nations.

This is like having cake and eating it, since, no matter what it's called, the present armistice in Korea is the result of agreement with Red China.

This non-recognition of Red China lies behind Eisenhower's omission—in his correspondence with Russian Premier Khrushchev about ending nuclear tests—of any mention of Red China as an interested party.

What Eisenhower and Khrushchev have agreed on is this: that American and Russian scientists — with the British, French, Poles should meet to seek some accord on how a nuclear testing ban could be policed.

Macmillan begins his talks with Eisenhower and Dulles Monday. Later that day the White House said the President's latest letter to Khrushchev would be made public Tuesday morning. I made no mention of Red China.

But within about an hour Dulles was telling his news conference that to make a ban on nuclear testing effective inspection posts would have to be set up in Red China.

So, while that had been the British position for a year, it didn't become the American position until Macmillan visited the White House. Wednesday Macmillan said Red China should be included in any agreement on banning nuclear tests.

Before Red China agreed to inspection posts inside her borders, she might insist on admittance to the U. N. That would require American recognition of the Red regime as legitimate.

So the Dulles-Macmillan statements on Red China may be the opening of the first door to letting her into the U. N. and giving her the international recognition she wants.

If this turns out to be a result of Macmillan's visit to Washington it will, in the long run, prove to have been very far-reaching although at the moment it may seem hardly more than a minor episode.

Fallout in AEC

By JAY G. HAYDEN

Writer Hopes Hiring of McCone Is Wise Move

There is ground for hope that shift of the Atomic Energy Commission chairmanship from Lewis L. Strauss to John A. McCone will produce the same transformation of relations with Congress and the public that occurred when Gordon Dean succeeded David Lilienthal as AEC chief.

Strauss and Lilienthal, throughout all their many years of public service, rarely were free from some form of strife, including frequent bouts with each other while they served together on the AEC from 1946 to 1950.

Lilienthal had established himself as a controversial figure during service as member and chairman of the Tennessee Valley Authority.

On that account President Truman's appointment of him as chairman of the AEC encountered bitter opposition in the Senate, led by Sens. Robert R. Taft (R-Ohio) and Kenneth McKellar (D-Tenn). Lilienthal was confirmed, 50 to 31, but almost immediately became embroiled with Sen. Bourke Hickenlooper (R-Iowa), chairman of the then Republican-controlled congressional Joint Committee on Atomic Energy.

Hickenlooper charged the commission with leaks of both secret information and one millicurie of an isotope called Iron-59, the latter allegedly shipped to Norway.

INVESTIGATIONS on those grounds led to accusation of Communist associations against J. Robert Oppenheimer, whose ultimate bar from access to atomic secrets created a mighty sensation. From the time he became a member of the commission, Strauss figured in all of these matters, generally in opposition to Lilienthal and Oppenheimer.

Like Strauss now, Lilienthal voluntarily quit his chairmanship in 1950, for the reason it was suspected that his reappointment would have run into a bitter fight in the Senate, with strong possibility of rejection.

Strauss got off to a bad start with the Senate shortly after he became chairman of the commission in 1953 and that condition has continued increasingly ever since.

His particular nemesis was the former chairman and ranking Senate member of the congressional Joint Committee on Atomic

Energy, Clinton P. Anderson of New Mexico.

Strauss was assailed by the senators for the part he had played in the ousting of Oppenheimer but his difference with Anderson pertained more to the question whether private industry or the government should manage the development of atomic power plants for peaceful use.

STRAUSS WAS for private enterprise and the senators, for a large measure of government construction and control.

Dean, who had served quietly on the AEC under Lilienthal, became temporary chairman when the latter resigned.

President Truman's choice for permanent chairman apparently was Sumner Pike, another member of the commission classified as a Republican. But when Pike was strongly objected to by many Democrats, Truman kept Dean.

There was the advantage in naming a member already in as chairman because no new Senate confirmation was needed. But it had become apparent also that Dean as getting along remarkably with congressmen, both Republicans and Democrats.

During more than three years that Dean directed the commission it operated with scarcely a ruffle of public conflict.

McCone similarly is known both in business and politics as a smooth and quiet worker. A stalwart Republican, his first Washington appointment was by President Truman in 1947 as member of the Air Policy Commission. He shifted for a brief period to deputy secretary of defense, under James Forrestal, but resigned to resume his extensive business connection in 1948.

He came back at outbreak of the Korean war, in 1950, as undersecretary of the Air Force, with the particular job of strengthening the service's equipment and bases to fit the special needs of that conflict.

In private business, McCone has had a large hand in both atomic and missile development. But a more important qualification, under the circumstances, may be that he is well-known among members of Congress and served three times before by appointment of President Truman.

Capitol Flown Flags

Flag Day is being celebrated across the nation today by a lucky few who are able to say, "Yes, ma'am, that flag you see there once waved over the United States Capitol Building in Washington."

Their particular Old Glory did fly over the Capitol — if only for a mere five or ten minutes!

The busiest spot up on Capitol Hill these past few weeks has probably not been the offices of any senator or congressman but the flagpole astride the Capitol rotunda.

Anybody keeping tabs on that flag pole must have thought he was seeing things. He was, too, since at the rate of five or six flags per hour, from dawn's early light to dusk, assorted replicas of the Stars and Stripes have been run up the pole for a quick flutter and down again.

J. George Stewart, Capitol architect, reports that flying the American Flag over the Capitol for a series of trial waves has become big business for his office. Last year all records were broken when 3,192 versions of Old Glory were given this quickie flight by special request of various patriotic groups from Maine to California.

The way things are going at the Capitol flag pole so far this year, it looks as if 1958 will top last year's record.

How can you get one of these

flags? You must write your senator or your congressman, explaining for what purpose you wish such a flag. Then he buys you a flag — at your expense or his, depending on how flush he is feeling — and sends it to the architect's office with a little note that he would like your flag to take its turn at the Capitol flag pole.

Shortly, you get your flag with a note, saying just when it took the breeze per your request.

The custom began 21 years ago when only six flags were flown during the entire year. As the idea got about, more and more people started writing their congressmen. By 1953, some 657 flags got this special treatment. Since then, numbers have risen every year, especially as Flag Day comes around.

Congressman Chet Holifield of California adds a little something extra to the package in which he ships Capitol-flown flags back to his constituents. This is a booklet put out by the U.S. Marine Corps, entitled, "How to Respect and Display Our Flag."

Of course, people are doing the wrong thing about flag flying all the time. But housewives, at this housecleaning time of the year, are especially guilty. There is one thing which no housewife in her anxiety about displaying a clean flag should ever do.

"Never put an iron on the American Flag," cautions Mr. Stewart.

Can We Take It?

No common sense American wants this country to lose the propaganda war to the Soviet Union. Such a loss might cost us the support and allegiance of many still uncommitted free peoples.

But we cannot expect to win every propaganda skirmish, nor even all the major battles.

We should not dismiss lightly, of course, any defeats we may suffer. Yet neither can we wring our hands because we don't win them all.

George Allen, director of the U.S. Information Agency, spoke on this point when he advised Americans not to get too excited when this country is subjected to extreme pressures and criticism from abroad.

He pictures this situation as an inescapable part of the burden of world leadership which have been thrust upon us.

We are looked to for answers to everybody's problems. Inevitably the actions and policies we develop do not suit some of the conflicting interests which turn our way.

In some cases, obviously, it is impossible to be regarded as "right" by all parties, since two men's advice not to get excited would may be represented.

The French in Algeria are an example. We can only try to find the fairest compromise course indicated.

In other matters, we sometimes are simply wrong.

Criticism is warranted. We just have to take it and seek to correct our mistakes.

On the other hand, many times we may be dead right but still find ourselves subjected to attack. These are the moments when Allen's advice not to get excited would seem most fitting.

Making a good propaganda impression is important, but it is not everything.

If we are right and we know it, we have to show the courage to stand by our course no matter what the hostile barrage, no matter what capital the Communists may make of it.

Great nations wedded to the ideals of freedom and democracy cannot devise policy solely on the grounds of its psychological effects abroad.

Surgery Best Cure for Varicose Veins

"In my employment," writes Mrs. L. V., "I continually stand all day. As a result I am being bothered by varicose veins. Is there any exercise or diet that would help my condition?" The writer adds that she is

still in her twenties and that many people tell her she is too young to be getting varicose veins. She is certainly unfortunate to be having trouble so early in life, but this sort of thing does happen and it is possible that the long standing required in her work plays a part.

IN ANY EVENT, I shall have to say that neither exercise or diet can be expected to help.

It is not always easy to say just what should be done about varicose veins. However, the first step is to develop an understanding of just what has happened. The veins of the legs carry blood back toward the heart. They are equipped with valves at intervals which prevent the blood from flowing backwards. Sometimes, however, these valves break down and then the pressure on the walls of the veins increases, causing them to dilate or enlarge. These enlarged veins, which are usually near the surface, are called varicose veins. The flow of blood inside them is also slowed. It is because of gravity that varicose veins are so much more common in the legs than elsewhere.

It is not possible to build new valves or to cause the veins to shrink. But fortunately, these veins are usually not "necessary" because veins farther inside the legs can carry the blood just as well.

THIS IS THE reason why varicose veins can often be treated so successfully, either by cutting them out or tying them (surgery), or by injecting them with an irritating fluid which causes them to close up entirely.

The choice of what method to use must, of course, be made by the surgeon, though apparently in recent years surgery has become favored more and more over injections.

Neither of these methods can be considered dangerous in competent hands. But it takes time for the circulation to be entirely re-routed and, consequently, convalescence and return to full activity may be slow.

The risk of ulcer formation, swelling of the feet and ankles, or other signs of poor circulation almost always justifies the trouble of treating varicose veins. Elastic stockings or bandages will not cure varicose veins but they are still often advisable for special reasons or after an operation.

One unsolved problem is the risk that new varicose veins will develop even after old ones have been successfully treated.

Bee Fails to Prevent Golfer From Qualifying

DAYTON, Ohio (AP)—Despite a bee with no sense of golf etiquette, Fritz Schmidt will lead Dayton area qualifiers into the National Public Links Golf Tournament.

Schmidt, 24, encountered the bee on the back nine at Community course here Sunday. It rested between his ball and the cup, so he picked it up. The bee promptly stung him on the finger.

The finger swelled up, but Schmidt managed to match par on the Community and Madden courses — contestants played 18 holes on each—to lead the field with a 142.

Three other Dayton men joined the former Ohio State University player in qualifying. Gordon Waldespuhl, another first-timer, had a 145. Bob Suttman, a three-time qualifier, and Bob Murray, who has qualified four times, were tied at 148.

The national tournament is July 7-13 at Orland Park, Ill.

Marilyn Litty, Edward Hart Wed In Double Ring Ceremony

Tapestries in candelabra lighted the sanctuary of St. Paul's Church which was enhanced with palms and white lilies for the Saturday noon wedding of Miss Marilyn Litty and Edward J. Hart. The Rev. Fr. J. Richard Gaffney officiated at the double ring ceremony.

Mrs. Gene Hergenrother sang "Panis Angelicus," "Ave Maria" and "On This Day Oh Beautiful Mother." Miss Sarah Colman was organist.

The bride is the daughter of Mr. and Mrs. John C. Litty of E. 3rd St. Dr. and Mrs. V. C. Hart of S. Lincoln Ave. are the bridegroom's parents.

Mr. Litty gave his daughter in marriage. She wore a gown of rosepoint lace over taffeta. The sabrina neckline was trimmed with pearls and iridescent sequins, and the bouffant tiered skirt was styled with a brush train.

Her fingertip veil of illusion was attached to a matching crown and she carried a cascade bouquet of white roses and Stephanotis.

Miss Marsha Hart, sister of the bridegroom, was maid of honor. Miss Beverly Stark of Akron and Miss Carol Hall of Youngstown were the bridesmaids.

Miss Hart's gown was fashioned with a pink lace bodice with a sabrina neckline and a full taffeta skirt with matching bow at the waistline in back. Her short scalloped veil was attached to a matching crown embellished with pearls and sequins. Pink roses and blue delphinium were combined in her cascade bouquet.

The bridesmaids wore blue gowns and crowns designed like that of the maid of honor. Their cascade bouquets contained pink

roses and feathered pink carnations.

Paul Harrington of E. 3rd St. was best man, John Litty Jr., brother of the bride, and Richard Dombarski of Maynard ushered.

Mrs. Litty wore a dress and jacket of cornflower blue chantly lace over taffeta with matching accessories. Mrs. Hart was white in a Dior blue sheath with white accessories. Both mothers wore pink carnation corsages.

The reception followed in the bride's home. Highlighting the refreshment table was a four-tiered wedding cake decorated with pink rosebuds and topped with a miniature bride and bridegroom figurine. Pink rosebuds and silver candlesticks added to the setting.

Mrs. Howard Covert, Mrs. Jack Smith, Mrs. Charles Mangus, Miss Sue Watterson and Miss Rosemarie Salea served the guests from Salem, Youngstown, East Liverpool, Wheeling, W. Va., Pittsburgh, Pa., Kent, Columbus, Cleveland, Bedford and Columbiana.

The bride is a graduate of Salem High School, and she attended Kent State University three years. She will intern this year at Akron City Hospital as a medical technologist.

Mr. Hart was graduated from Salem High School, served two years in the Army in Japan and Korea and is now a junior at Kent State, majoring in business administration.

After a tour of the Southern states, the couple will reside at 918 Mantua St., Kent. For her going away outfit, the bride chose a pink linen sheath with matching sweater trimmed with red rosebuds.

Dr. and Mrs. Hart were hosts at the rehearsal party Friday evening. The buffet table was laid with green linen and centered with an arrangement of red roses in milk glass. Guests included members of the wedding party and the bride's parents.

Mr. and Mrs. Harry Hall of Arden Blvd., Youngstown entertained at a dinner honoring the couple Tuesday evening. The table decorations featured a miniature bride and her attendants.

Miss Ann Carey Parshall, daughter of Dr. and Mrs. Raymond E. Parshall of Pittsburgh, recently received a degree from Oxford College in England. She will enter Cornell University in the fall for her doctor of philosophy degree. She is employed by the Princeton University Library in Princeton, N.J.

Mrs. Rudolf A. Maroscher

Miss Barbara Gropp Becomes Bride of Rudolf A. Maroscher

St. Mark's Lutheran Church in Wheeling, W. Va., was the setting of the Saturday afternoon nuptials of Miss Barbara Carolyn Gropp and Rudolf Arthur Maroscher.

The chancel was decorated with palms and bouquets of white gladioli for the double ring ceremony performed by the Rev. Stanley L. Stiver.

The bride is the daughter of Dr. and Mrs. Carl W. Gropp of Elm Grove, Wheeling, W. Va. Mr. and Mrs. Victor E. Maroscher of 1073 E. 3rd St. are the parents of the bridegroom.

Nuptial melodies were presented by the organist, Harry White of Wheeling.

Escorted to the altar by her father, the bride wore a ballerina-length gown of imported pure silk. The fitted bodice, designed with a scooped neckline, was enhanced by a hand embellished trim of rhinestones and crystal beading.

A tiny fitted jacket with long tapering sleeves featured a Peter Pan collar. The billowing skirt, fashioned with a wide cummerbund effect, was worn over an underskirt of tiered nylon tulle.

Her silk illusion veil of fingertip-length was held in place by a scalloped pillbox hat trimmed with deep pearls. She carried a white orchid mounted on a white Bible decorated with lace and ribbon streamers edged with lilies of the valley.

M's. Jack Sanders

Mollenkopf-Sanders Nuptials Held In Columbiana Church

Jack Sanders and his bride, the former Miss Joyce Ann Mollenkopf, are residing in an apartment on S. Main St., Columbiana following a honeymoon trip to Niagara Falls.

The couple were united in marriage June 8 at 3:30 p.m. in the Grace United Church of Christ in Columbiana. The Rev. Donald Voelm officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Oscar R. Mollenkopf of 210 N. Elm St., Columbiana. Mr. and Mrs. Jack Sanders of RD 5, Salem, are the bridegroom's parents.

Mrs. Helen Cline was organist and accompanied Miss DeEria Smith of Leetonia, who sang "O Promise Me." "Through the Years," "At Dawning," and "O Perfect Love," as the couple knelt at the altar.

Given in marriage by her father, the bride chose a full-length gown of imported Chantilly lace and nylon tulle. The scalloped Sabrina neckline and short sleeves

were embroidered with sequins and seed pearls.

The full skirt was ruffled with alternating tiers of lace and tulle, ending in a sweep train. Her fingertip veil of imported illusion was attached to a queen's coronet of seed pearls and sequins. She carried a purple orchid on a white ribbon, a gift from the bridegroom.

Miss Elaine Mollenkopf, maid of honor, was attired in a cocktail-length gown of blue chiffon over net and taffeta. She carried a fan arrangement of pink carnations.

The bridesmaids, Miss Jill Sanders, sister of the bridegroom, wore a shrimp colored gown, and Miss Patty Paulson, a mint green gown. Yellow carnations formed their fan bouquets.

The flower girl, Robbin Nelson, niece of the bride, wore a blue nylon dress, and carried a basket of rose petals. Ricky Mollenkopf, nephew of the bride, was ring bearer.

Allen Metz was best man, and the ushers were Ronald Stecker and Charles Mollenkopf of Parkersburg, W. Va.

Pink carnation corsages complemented the attire of the mothers of the couple. Mrs. Mollenkopf chose a rose lace dress, and Mrs. Sanders wore a blue lace dress.

A reception for 175 guests was held in the church parlors. The bride is a graduate of Columbiana High School and is employed by Gleckler's Restaurant in Columbiana. Her husband graduated from Leetonia High School, and is employed as an applicator by Carl Creighton of Washingtonville.

Installation of Court Salem, Catholic Daughters of America, was held Thursday night in the Knights of Columbus Hall.

Mrs. George White of East Liverpool, district deputy, seated the following officers: Mrs. Woodrow Birkhimer, grand regent; Mrs. Leo Taugher, vice grand regent; Mrs. Dorothy Welsh, prophetess.

Mrs. Carl Poly, financial secretary; Mrs. Lloyd Scott, historian; Mrs. Mateni Oana, treasurer; Mrs. John Rottenborn, monitor; Mrs. Donald Roessler, sentinel; Mrs. Bernard Bott, lecturer; Mrs. Leon Kuniewicz, organist; Mrs. Donald Blasman and Mrs. Paul Sobek, three-year trustees.

A gift was presented to Mrs. White in appreciation of her work during the past two years.

The court received an invitation to attend Court Cleveland's 40th anniversary banquet June 29. Mrs. Birkhimer will represent Court Salem.

A Blue Cross Circle will be formed, with Mrs. Robert Conroy serving as chairman. Members will be notified of the first meeting date.

The Catholic Daughters will be in charge of linen, treasure chest, fish pond and novelty booths at the St. Paul Bazaar June 26, 27, 28.

Reservations to attend the closed retreat at Villa Maria, Pa., may be sent to Mrs. Birkhimer or Mrs. Scott immediately.

The court received a recognition award from the Salem Council of Girl Scouts for sponsoring two Girl Scout troops.

Mrs. Birkhimer gave a resume of the recent state convention which she attended in Akron.

At a recent meeting of the trustees, Mrs. Leonard Jones was elected chairman of the board, and Mrs. Homer Logut was elected secretary. Meetings of the board will be held every three months.

Mrs. Stephen Voros was named chairman of the July ways and means committee.

After the business meeting lunch was served by Mrs. Scott and her committee. Card games were enjoyed. Prizes went to Mrs. Logue for contract bridge; Mrs. Earlin Yeager, "500" and Mrs. Guy Mauro, canasta.

The social committee for the July 10 meeting will include: Mrs. Welsh, chairman; Mrs. Clarence Walker, Mrs. Myron Washil, Mrs. John F. Webb, Mrs. Howard Whinnery, Mrs. Ralph Whiteleather, Mrs. Wayne Whiteleather, Mrs. John Weiss, Mrs. Harry Wilson, Mrs. Yeager, Mrs. John Yuhnick and Mrs. Carl Ziegler.

Pasco-Metcalf Nuptials Scheduled for Friday

Custom of open church will be held Friday at 7:30 p.m. in the Emmanuel Lutheran Church for the wedding of Miss Kay Marie Pasco and Robert Alton Metcalf.

Miss Pasco is a daughter of Mrs. and Mrs. Joseph Pasco of 634 Ohio Ave. Mr. and Mrs. George Metcalf of 384 E. 7th St. are the prospective bridegroom's parents.

An open reception in the church social rooms will be held immediately following the exchange of vows.

Food Hints

Lazy housecleaning turns you into a scrubwoman once or twice a year. One way to cut corners is to utilize all vacuum cleaner attachments. For example, the dusting brush cuts down polishing work with a cloth.

COTTON CHAMPIONS—Here are two prize-winning cotton fashions designed by James Galanos of California. Left, an afternoon dress of white organdy embroidered in red roses, snugly fitted in front, with floating back panel; right, a white pique suit pin-dotted in navy, with side-buttoned closing and box pleats easing the back of the semi-fitted jacket.

Salem Bride, Husband Return From Honeymoon In Hawaii

Home from a honeymoon trip to Hawaii, Mr. and Mrs. Richard Harold Speck are residing at 917-A Huntington Drive, Arcadia, Calif. Mrs. Speck is the former Jacquelyn Julian, daughter of Mrs. Elizabeth Julian of 133 Penn Ave.

The wedding took place April 26 in the Emmaus First Lutheran Church in Alhambra, Calif., with the pastor, Rev. Schramm, officiating. Lilies and white gladioli decorated the altar. The nuptial melodies included "Because," "The Lord's Prayer" and the bridal marches.

Raymond Farisea escorted the bride to the altar. She wore a waltz-length gown of white chantilly lace and mylon tulle. Her shoulder-length veil was attached to a Juliette cap. Her wedding bouquet was fashioned of white orchids, white carnations and stephanotis.

Mrs. Duane Reynolds, maid of honor, complemented her gown of rose chiffon with a bouquet of white carnations and pink rosebuds. Miss Judith Speck, sister of the bridegroom, was dressed in pink, and another sister, Miss Linda Speck, wore blue. They carried white carnation with pearl trim to match their gowns.

Duane Reynolds was best man. The bride's mother was attired in a blue print sheath dress, and the bridegroom's mother wore a beige sheath. Their corsages were of cymbidium orchids.

Sixty attended the reception, which was held at the home of the bridegroom's parents, Mr. and Mrs. Harold Speck of Arcadia.

The two-tiered cake, decorated with pink roses and carnations, was flanked by tall pink and white candles adorned with wedding bells.

For traveling, Mrs. Speck chose a dark brown and beige three-piece suit.

Mrs. Speck is a 1956 graduate of Salem High School, and is employed by the Litton Industries in Los Angeles.

Served As Advisor to Presidents

Josephine Roche to Head Health Session

WASHINGTON (AP)—Josephine Roche presides today over a national health conference, marking another minor milestone in a major career of helping others.

Her varied career ranges from cleaning up Denver's red light district as one of the nation's first policewomen to spending a billion dollars as director of the United Mine Workers' welfare and retirement fund. She had that job for 10 years, and at 71 is still working hard at it.

The daughter of a rich and conservative businessman, she followed her father into the presidency of the Rocky Mountain Fuel Co. in Denver, but she had ideas of her own.

When as a young girl her father had forbidden her to visit his coal mines because they were dangerous, she asked: "Then why is it safe enough for the miners?"

Today she chairs a national conference of labor health services—a two-day session devoted to the same general aim, but keyed to worker health needs.

Miss Roche got after Denver's prostitutes and vice back in 1912. A reform group took over the city and made Miss Roche, then 26, one of the nation's first policewomen. She took the job seriously.

She's disarmingly charming with soft, wavy gray hair and pleasant, sweet-looking features. She was married in 1920 but ended it with a divorce two years later. Once, after her father died and left her to run his coal mines, she attended a government wage hearing. The presiding official, impressed at seeing her in the audience of hard-bitten owners and miners, asked her to come sit on the platform.

"This hearing needs some beauty," he wrote her in a note. "What this hearing needs," she scribbled back, "is not beauty but guts."

Born Dec. 2, 1886, in Neligh, Neb., Miss Roche has been an adviser to many American presidents. She once headed the U. S. Public Health Service under Franklin D. Roosevelt.

Action to End On Labor Bill

Senate Completion Expected Tonight

WASHINGTON (AP)—Senators dissatisfied with a bill to curb labor abuses pushed ahead today with last-ditch efforts to reshape it more to their liking.

As a wrangling Senate headed into a fourth day of debate on the measure, Democratic Leader Lyndon B. Johnson of Texas said he hoped to finish action on it tonight under an agreement limiting debate.

But a sheaf of amendments remains to be disposed of, many of them highly controversial.

Awaiting action first was an amendment by Sen. Charles E. Potter (R-Mich.) to let union members recover any dues money used for political purposes or other non-union activities they oppose.

"It's a violation of a worker's rights to appropriate hard-earned dues money for political slush funds," Potter said in arguing for his amendment. Sens. Barry Goldwater (R-Ariz.) and Carl T. Curtis (R-Neb.) agreed.

However, Sen. Wayne Morse (D-Ore.) said Potter's amendment is "as absurd and as completely without justification" as any yet offered.

Morse denounced it as "a union-busting amendment" and said it would "play into the hands of the type of employer who employs the stooge and spy."

Despite all the argument that has swirled about the bill, its basic provisions remain intact.

It is designed to help drive racketeers out of the labor movement and to give rank and file members more control over union affairs.

It also would make a number of changes in the 1947 Taft-Hartley Labor Relations Act, including some long sought by labor leaders.

While a number of revisions have been made to meet criticisms of Secretary of Labor Mitchell, every major amendment offered by spokesmen for the Eisenhower administration has gone down in defeat.

The settlement came after an all-night bargaining session. Terms were not immediately disclosed. Under the old contract the radiomen received \$569 monthly for a 40-hour work week.

All contracts expired last midnight. The Engineers' contract with the tankers runs until next year.

The Engineers' negotiations broke down over four major items, the union said. They were: Increases in retirement pensions from \$100 to \$250 a month; increases in paid vacations, "substantial" wage increases and a clause providing that if an operator sells or transfers his ship the MEBA contract must follow the ship or the operator must pay one year's severance pay.

Engineers pay ranges from \$493 a month for junior engineers to \$1,032 for chief engineers.

Inside Labor

By Victor Riesel

There are at least 15 U.S. citizens living uneasily in our land because, until five years ago, they were major Soviet spies. Had the R o senbergs, executed on the night of June 19, 1953, broken their silence and faith in Russia, our government would have had sufficient evidence to send the 15 others to the electric chair for wartime espionage against us. I report this now, not because it is almost five years to the day since the government was forced to kill two people guilty of violating the laws of treason with which any civilized land must protect itself.

Rather, this is reported at this time because a well-meaning American Millionaire, as did another like him, is planning a mission to Moscow. Late this fall, Cyrus Eaton, the Joseph E. Davies of today, will see Nikita Khrushchev, just as Davies saw Stalin.

Then Mr. Eaton will return to the States to organize American industrialists into a group which will deal in and sell heavy industry tonnage and sympathy to the Russians.

The Soviets are in desperate need of our factory products despite their overweight Sputniks and their overworked boasts that they are ahead of us in science and production techniques.

THEY ARE NOT, though their spies have stolen — and are still stealing — our major military and industrial secrets. True, we've killed two of those agents and forced the Russians to replace the other 15 whom we can't touch because the Rosenbergs died with the corroborative evidence needed to stand up in court. But those spy rings, directed by Soviet and satellite embassies and officials, are in high gear today.

Our government knows this — yet Mr. Eaton is disturbed because we "snoop" to track down whatever evidence there is. It was this kind of "snooping" which, for example, told our FBI agents why a short husky man was standing on a bleak New York street corner in January 1944, carrying gloves

and a green book when a lean, dour man carrying a tennis ball walked up and said, "hello." That was the first meeting of spy courier Harry Gold and scientist Klaus Fuchs. We lost some of our atomic secrets as an aftermath of that first meeting.

ESPIONAGE is not all cloak-and-dagger stuff. Friends of the man with the tennis ball needed only to learn later that a Dane by the name of Nicholas Baker, working at the Los Alamos atomic grounds was really Neils Bohr and the Soviet agents knew exactly what to tell the Russians. Bohr was a world-famed nuclear scientist.

We lost those rounds to the Russians. When some of our FBI agents ran this ring down, gathered all the information into several dossiers and then approached the U.S. military with their knowledge, our brass nearly dropped dead.

They thought they had it all really super-secret. But the Russians had it — even before our military got a chance to analyze their own findings.

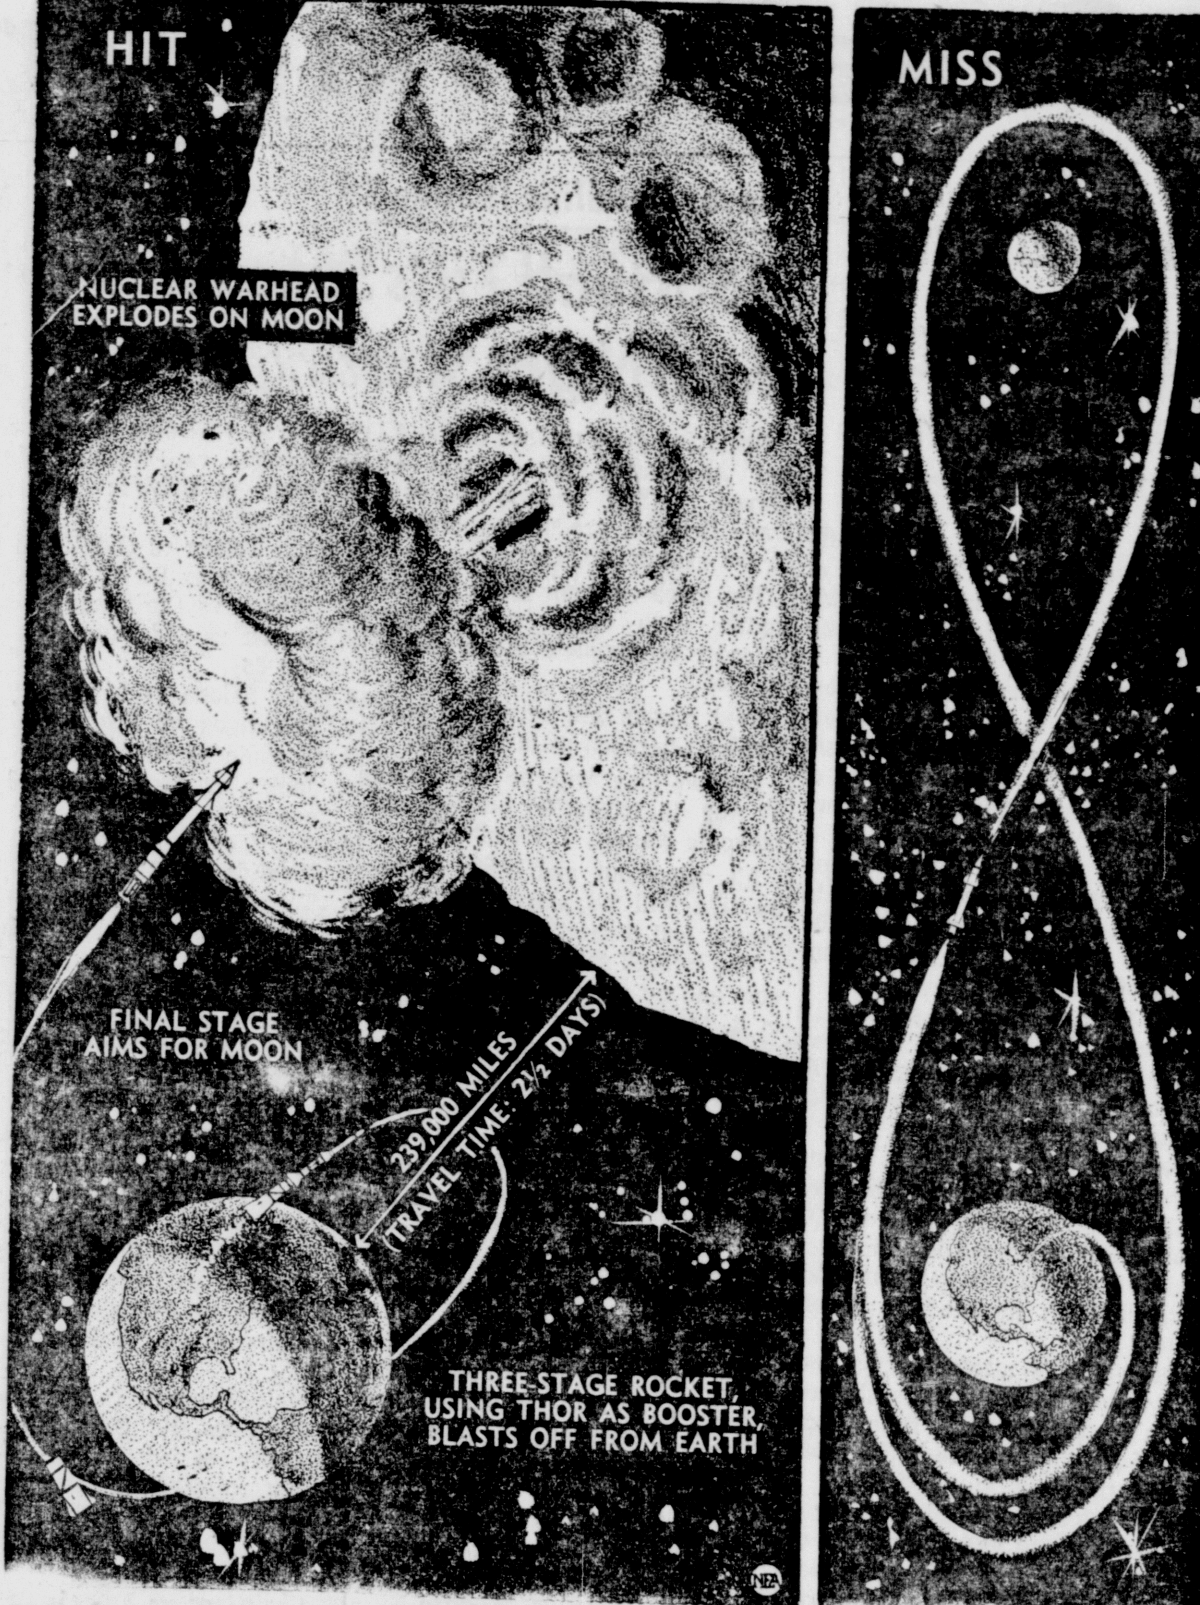

But the Russians weren't interested only in military stuff. They spread their spies into every important installation as we built them.

THEY MOVED into every vital factory, seeking our newest industrial secrets on items running from disinfectants, the uses of lanolin, special soaps, commercial solvent and carbon dioxide recovery processes to new processes for manufacturing ethyl-alcohol, synthetic rubber, plastics, special fuels, rocketry and, of course, electronic equipment.

There is much evidence to prove that they had units in the U.S. Departments of Labor, Commerce, Agriculture, War and Navy.

Fact is that Harry Gold, the man with the gloves and green book waiting for the man with the tennis ball, started his work for the Soviets as an industrial spy in 1937.

When the Russians put him through a college so he could be better equipped to steal factory secrets. Later he was shifted to atomic espionage. But the industrial spy rings are still operating

THE AIR FORCE PLANS TO TRY to shoot the moon three times starting in August. Lt. Gen. S. E. Anderson, director Air Force Research and Development Command, said the attempts will be made with a three-stage rocket using a Thor missile as a booster in August, September and October. Anderson's statement drew a partial denial from Roy A. Johnson, director of Advanced Research Projects Agency, who said "no final decision" on the date of the first shot had been made. Drawings above miss. If the rockets miss, Anderson said, they may go into a strange, figure-eight orbit, circling both the moon and the earth.

—as you will hear from time to time. They are in the production complexes owned by some of the 100 top industrialists to whom Cyrus Eaton has just written special letters urging them to force the U.S. to take a more conciliatory role towards the Soviet Union.

Now let's ask the Soviet Union to get their spies out of the 100 biggest U.S. corporations. That would help make friends.

4-H Scouts

LISBON — The 4-H Scouts 4-H Club visited the Firestone Rubber Co. in Akron Wednesday as guests of the company.

Thursday evening the club played a ball game at Elton School against the Beaver Chapter 4-H Club, and then returned to the home of Ronnie Carroll, Leetonia RD 1 for a meeting. Denny Holloway, president, presided.

Two demonstrations were given to the group by Denny Holloway, Jimmie Miller, Wesley Mortimer, Sandy Hill and Larry Hepner.

Mrs. William Carroll served a lunch at the close of meeting to 17 members present.

The next meeting will be July 11 at 7:30 p.m. at the home of Wesley and Robert Mortimer at which time a swimming party will be held at the Mortimer pond.

James Miller is the news reporter.

Jack's Bar, Salona Win In Other Tilts

Columbiana Merchants defeated B&W Research 7-3, Drive-In beat Lincoln Machine 1-0 and Jack's Bar eked out a win over East Liverpool 3-2 in three Class AA softball games at Kelley Park Saturday.

Salona defeated Old Dutch 8-5 in a Class A game.

Columbiana scored two runs in the first frame, one each in the third and fourth and three in the sixth. B&W's runs came in the second period.

Gene Logue got three hits for the winners, and Guthrie got two. Five mer. each got a hit for the losers.

Drive-In tallied its winning run in the first inning of a hard-fought contest.

Ferguson, D. Brudery and J. Brudery each got a hit for the winners.

Warner and Odorizzi hit safely for the losers.

Chuck Clendenning allowed Jack's Bar only four hits, but they were enough for the victory.

Novesal, Gaiser, Culler and Smith each got safeties off Clendenning. Jack's Bar bunched its runs in the second inning.

East Liverpool got six hits off winning hurler Gould.

The losers' runs came in the second and third periods.

Salona led off with four runs in the second frame and got another in the fourth and three in the seventh.

Old Dutch tallied a run in the fourth inning and two each in the sixth and seventh.

C. Rummell, Jack and B. Rummell each got two hits off losing pitcher Mike Pastier.

R. Stanley and Menichelli each clouted two safeties off the winning hurler Red Dotson.

Tribe Wins 2, Sweeps Four Games From Nats

CLEVELAND (AP)—Cleveland's 1958 edition of "new faces" opens a 14-game home stand Tuesday night against the New York Yankees.

The Indians closed an 18-day road tour with a flourish, sweeping four games from the Washington Senators, including Sunday's doubleheader, 5-3 and 4-2. It brought their record on the extended trip up to a respectable nine victories in 19 decisions. Before the Washington series, the trip seemed a complete failure.

In addition to strengthening their

hold on fourth place, the Indians also bring home three new players acquired from Kansas City. Gone are four former Tribesmen.

One of the new players is shortstop Billy Hunter, who appears to have tightened the infield with his fielding in the past four games. He was exchanged for Chico Carrasquel last Thursday.

Sunday, General Manager Frank Lane, who seems unhappy unless he's wheeling and dealing players, swapped outfielder Roger Maris, infielder, Preson Ward and southpaw pitcher Dick Tomaneck, for Vic Power, Kansas City's slugging first baseman, and outfielder Woody Held.

Since Lane arrived on the Cleveland scene last November, only 12 of the 25 men then on the Tribe roster still are around. The rest are new faces.

Mickey Vernon, who now seems headed for pinch-hitting chores with the acquisition of Power, carried a hot bat in Sunday's first game triumph. He cracked a home run, double and single. In the

nightcap he collected another two hits and raised his batting average to .365.

Gary Bell posted his second straight major league victory in the opener, though he needed aid from Don Mossi and Hoyt Wilhelm, after hurling five scoreless

innings. Jim (Mudcat) Grant, relegated to bullpen duty after failing as a starter in his last several games, won the nightcap with four hitless

innings in relief of starter Jim Constantine. Wilhelm, the ace knuckleballer, once again closed it out with 2 2-3 innings of relief in which he yielded but one hit and no runs.

Cleveland went ahead 2-0 in the fifth inning of the first contest on Vernon's double, a triple by Russ Nixon and a good squeeze bunt by Billy Moran.

Bell was touched for a run in the sixth and Mossi came in and retired the side.

Meanwhile, the Indians added two more runs in the seventh and grabbed a 4-1 advantage. Vernon homered—his fifth of the season—after a single by Rocky Colavito.

A triple by Ward and Colavito's single made it 5-1 in the eighth.

Bauman Wins Canfield Race

Dow Is Victor In Sports Car Feature

In his second year of Canfield Speedway racing, Rich Bauman of Ambridge, Pa., finally captured his first 25-lap feature victory Saturday night before 4,120 fans.

The program also featured foreign sports cars, and Ronald Dow of Canton won the 20-lap feature in his Crosley. Roger Clancy of Youngstown was second. He drove a Triumph.

In the modified feature Bauman started in second place in the 18-car field and took over the lead on the third lap from Tom Betts of Kinsman.

The Pennsylvania kept his V-8 Buick in the lead all the way but had to ward off threats by Gib Orr of Warren and Eddie Sliger of Akron.

Bauman beat out Sliger by one car length, while Orr came in third and Baldy Baker of Boliver, O., fourth. Baker started in 18th place and never could overhaul the leaders, although he made a determined bid.

Dean Mast's attempt for a second victory in a row was stopped when he tangled with Dale Johnson of Hartford on the backstretch during the third lap.

Mast's car rammed the fence and he sat out the remainder of the race. The red flag came out to permit the wreckers to tow the cars off the track.

Baker was the fastest qualifier among the 45 cars on hand. He was clocked at 17.86.

Results are as follows: Helmet dash, Jim Albrecht, Dover.

First heat, Ed Sliger, Akron.

Second heat, Jerry Dudley, New Philadelphia.

Third heat, Fave Hale, Barberston.

Fourth heat, Don Albertian, of Canton.

Australian pursuit, Hale.

Feature, Bauman.

Sports car feature, Dow.

Tommy Bolt's 283 Wins In National Open

TULSA (AP)—Tommy Bolt won the National Open with a sparkling 283, finishing four strokes ahead of Gary Player, a 22-year-old pro from South Africa, and two ahead of Frank Stranahan, the Toledo strong man.

Player, who had shot the only sub par score of the first two rounds, faded a bit on the third round, then came back to hold second place with a final 287.

Stranahan shot himself out of it with a seven on the last hole in the morning. Gene Littler made a run at Bolt with a third round 67—the best of the tournament—but couldn't hold the pace. He wound up in fourth place at 290 while Julius Boros took third with a 289.

Ben Hogan's effort to win the Open for a fifth time again was frustrated, this time by a hand injury suffered in the first round. But his 10th place tie assured him of a chance to try again without qualifying.

Dairy Isle, Eljer, Brown & Ziegler Win

Eljer, Brown and Ziegler and Dairy Isle won in three Hot Stove League games played over the weekend.

Eljer defeated Electric Furnace in a Class F make-up game. Sweitzer was the winning pitcher, having relieved Gary Jeffries in the fourth innings while Furnace was ahead 6-4.

Sweitzer also rapped out a game-winning single in the seventh inning with the score tied 6-6, two men out and runners on second and third.

Sweitzer got three hits for the winners and Randy Reed, Dave Wolf, and Del Zimmerman each had two hits for Eljer.

Gary Humenan, George Esterly and Ron Sabo paced Furnace.

Paul Wukotich was the losing pitcher.

The victory was Eljer's fifth in a row without a loss. Eljer's next game will be against Elks Tuesday at 6 p.m.

Brown and Ziegler came from behind to defeat Bricker and Bricker 5-3 in a pitchers' duel which took the game into extra innings.

Larry Charnesky of Brown and Ziegler collected three for four, including a home run.

The winning pitcher was Dick Wilt who relieved Wright Beech.

Losing pitcher was Gary Cosgrove.

Dick Wilt and Alan Phillips each doubled for the winners.

Dairy Isle won 13-6 over Home Furnace.

Dairy Isle scored the victory on seven hits and two errors. The losers got six hits and no errors.

Player Deadline Is June 25

4 Softball Tilts Scheduled Each Night Starting June 18

Beginning June 18, four City Softball Association games will be played nightly except Sunday, Dave Briskin, executive secretary of the association, reports.

The increase from three to four games each night is necessary in order to complete the schedule, he said.

Four games will be played each Sunday afternoon as in the past.

League play will be completed by Aug. 16, except for play-off and make-up games, Briskin said.

All rained-out and other make-up tilts will be played after the county and district tournaments.

The softball schedule is complete now and no changes will be made in it, the secretary stated.

The deadline for signing players is June 25, Briskin said. A furloughed service man is eligible to play only if he is listed on the roster before the deadline. Discharged servicemen are covered in the rules.

Entry fees should be turned in by the end of the first round of play in the AA League.

American Loop Has 'New Look'

Tribe Swaps 3 Players For 2 In Final Trade

By Associated Press
Cincinnati's fast-moving Redlegs have Don Newcombe and the American League has a "new look" today following a frenzied final day swapping spree shortly before the majors' midnight trading deadline.

Newcombe, pitching ace of the Dodgers for nearly a decade but a winless, 0-6 flop in seven starts as a transplanted Californian, went to the Redlegs in an eleventh hour deal that sent right-hander Johnny Klippstein, first baseman Steve Bilko and cash to Los Angeles.

In the only other National League trade, St. Louis sent shortstop Dick Schofield and cash to Pittsburgh for utility infielders Gene Freese and Johnny O'Brien.

By contrast, five of the eight American League clubs had a hand in the busy late-hour dealings.

Three major trades—involving Kansas City, Cleveland, New York, Detroit and Chicago—followed on the heels of an earlier deal between the Athletics and Indians.

The Athletics now have Preston Ward (Carrasquel) at first base; Chico Carrasquel (Cleveland), third base; Roger Maris (Cleveland), right field; Harry Simpson (New York), left field; and pitchers Dick Tomaneck (Cleveland) and Bob Grainger (New York).

The Indians, who have only 12 of their 25 players left since Frank Lane took over as the team's general manager last November, now have Vic Power (Kansas City) at first base; Billy Hunter (Kansas City), second; and Woody Held (Kansas City), center field.

The Yankees now have pitchers Duke Maas and Virgil Trucks (both formerly with Kansas City). Detroit obtained outfielder Tito Francona and pitcher Bill Fischer from Chicago for first baseman Ray Boone and pitcher Bob Shaw.

Detroit Wins 6 of 7, Beats Yanks Twice

Snarling Tigers

New Hottest Team In Major Leagues

By The Associated Press

The suddenly snarling Detroit Tigers are the hottest team in the major leagues right now, but they continue to be the enigma of the baseball world.

How can one team be so futile under one manager and so ferocious under another? It's certainly not that Jack Tighe was a bad manager, or that Bill Norman, who succeeded Tighe a week ago, has been waving a magic wand.

Still, the figures are there. Under Tighe, the Tigers won 21 of 49 for a .429 percentage. With Norman, they've won six of seven, including a spectacular sweep of the four-game series from the New York Yankees in Yankee Stadium.

Frank Lary and Jim Bunning did the pitching for Detroit Sunday as the Tigers shut out the American League leaders twice 2-0 and 3-0. Ozzie Virgil, Harvey Kuenn and Gail Harris drove in the key runs in the first double shutout the Yankees have suffered in 11 years.

Kansas City smacked Boston down in a double-header 17-6 and 9-4. Cleveland took two from Washington 5-3 and 4-2 and Chicago shut out Baltimore twice 3-0 and 4-0.

In the National League, Cincinnati downed the Chicago Cubs 7-0 and 4-2. Milwaukee defeated St. Louis 4-2. San Francisco topped Philadelphia 3-1 and Pittsburgh

thrashed Los Angeles 12-1. Not since Philadelphia's Carl Scheib and Dick Fowler hurled back-to-back shutouts on May 30, 1947, have two pitchers been able to blank the Yankees twice in one afternoon. Don Larsen (5-1) and Bob Turley (10-2) were the victims.

Bob Cerv and Chico Carrasquel spearheaded the Athletics to their double triumph that moved them to within half a game of the Red Sox. Cerv, league leader in home runs and runs batted in, walloped his 17th homer, three triples and a pair of singles and drove in five runs to boost his RBI total to 41. Carrasquel, obtained Thursday from Cleveland, had seven hits, five in the first game.

Vic Power, traded to Cleveland after the twin bill, hit safely in each game to extend his batting streak to 22 straight games. Duke Maas, traded to the Yankees, went the distance in the nightcap.

The Whitt Sox moved out of last place behind pitchers Jim Wilson and Dick Donovan. Wilson faced a minimum of 27 batters in the opener although he gave up two singles to Baltimore. Donovan allowed seven hits.

Mickey Vernon got five hits in Cleveland's sweep over Washington. The 40-year-old first baseman hit a single, double and fifth homer and drove in two runs in the first game. In the second, Preston Ward, later traded to Kansas City, drove in two runs with a single and a home run.

NCAA Stars Head For Runoff of AAU

BERKELEY, Calif. (AP) — Track and field stars head for the National AAU championships at Bakersfield, Calif., this week after setting one world mark, three American standards and six NCAA records at the 37th annual national collegiate competition.

Ohio State's Glenn Davis, who already held the world record for the 400-meter hurdles, flashed the 440-yard dash in 45.7 seconds, one-tenth lower than the world mark set in 1956 by Jim Lea, former University of Southern California ace.

Other American records fell to Alex Henderson of Arizona State College at Temple in the two-mile with 8 minutes 46.3 seconds and to Charlie Tidwell of Kansas with 22.7 for the 220-yard low hurdles around a curve.

The three additional NCAA meet records went to Pacific Lutheran's javelin thrower John Fromm with a toss of 257 feet 1 inch; Ed Collymore of Villanova with 20.7 for the 220-yard dash around a curve and to his Irish teammate Ron Delany with 4:03.5 in the mile.

Ohio Handicap Shoot Won By Dayton Man

FINDLAY, Ohio (AP) — The new Ohio handicap trapshooting champion is M. E. Hytes of Dayton. Hytes broke 98 of 100 traps, firing from a distance of 21 yards, to lead a field of 481 marksmen in the handicap Sunday. It was the biggest field in the event's history.

The handicap was the top event in four days of competition. A Canadian, Russell Pillon of Harrow, Ont., also broke 98 traps in the handicap, but as a non-resident of Ohio was ineligible for the title. Pillon fired from 23 yards.

Don Roberson of Middletown brought down 96 traps, also from 23 yards, to place third. Most accurate shooter at the meet was Dale Millar of Ashville, who broke 666 of a possible 700 traps in all events. Joe Hiestand of Hillsboro came close to Millar with a 665 score.

Among those who pressed Hytes for the handicap championship were O. B. Helton of Hamilton, who broke 95 targets, and Art Sense of Akron, Dean Mossinger of Elida, and E. H. Snyder of Dayton, who both had scored 94.

Mrs. H. B. Rader of Jeffersonville led women in the field by cracking 93 traps from 21 yards. Saturday the doubles championship was won by Earl Goetz of Mansfield, who broke 18 traps in a 20-trap shootoff with Hiestand after both had scored 9.

In doubles competition, two targets are launched simultaneously. The shooter must break one, but cannot fire twice at the same target.

Officers elected Saturday night by the Ohio Trapshooting Assn. are George Henderson of Bowling Green, president; Roy Davidson of Middletown, vice president, and Hugh McKinley of Harrisburg, secretary-treasurer.

Cardinals Will Hold Tryouts at Campbell

Campbell will be one of the sites of the Cardinals' tryout camps when the Red Birds will look for potential big league talent at Roosevelt Field June 23 and 24, it was announced today by farm director Walter Shannon.

Experienced talent hunters will set the young aspirants through their paces starting each morning at 10 a.m., and all players between 17 and 23 are invited to take part.

Major League Stars

Batting — Bob Cerv, Athletics, smashed his 17th home run, three triples and a pair of singles, and drove in five runs to boost his league leading total to 51 as Kansas City swamped the Boston Red Sox 17-6 and 9-4 in a double-header.

Pitching — Frank Lary and Jim Bunning, Tigers; Lary hurled a four-hitter and Bunning a five-hitter as Detroit shut out the New York Yankees 2-0 and 3-0 for a sweep of the four-game series in Yankee Stadium.

FUTURE AC TO PLAY

Future AC will play New Castle, Pa., there Thursday at 8:30 p.m. in a non-league game, Dave Briskin, City Softball Assn. secretary, reports.

RAPE SUSPECT FACES COURT

DELAWARE, Ohio (AP)—Fred Cooks of Columbus, charged with raping three Delaware County women, faces arraignment in Municipal Court here today. Cooks, 37, was the object of an extensive manhunt until his capture in Columbus Thursday night.

AMPUTEE GRADUATE—H. Edward Reeves, quadruple amputee, is one of 17 handicapped students who will receive degrees from the University of Illinois. Reeves who is getting a hug from his daughter, Melody, 2, lost his legs, fingers and thumbs when they were frozen after he was wounded in Korea. His daughter, Michelle, 4, stands in door of their trailer home.

GETS 3 FATHER'S DAY GIFTS

JOLIET, Ill. (AP)—Mrs. Ruth Bruno, 20, of Lockport presented her husband John, 25, with three Father's Day gifts Sunday—triple girls.

Graham Wants Fervor Of Crusade to Linger

SAN FRANCISCO (AP)—Billy Graham, who has ended his seven-week evangelistic battle with the Devil here, wants the fervor to linger.

"Carry the spirit of revival back to your churches," he told a crowd of 18,500 jammed into the Cow Palace for the final crusade session Sunday.

"Get into that church," Graham pleaded. "If you wait a week or two, Satan will take advantage of you."

He declared to the throng packed into the 16,500-seat arena that "some of you are like Judas. You are greedy and will sell your soul and your future for a few pieces of silver. Some of those who steal from God are those with the most money."

Total attendance for the seven weeks rose to 696,525. The 570 going forward in "decisions for Christ" brought that total to 25,575.

Sukarno Launches Big Attack to Crush Rebels

JAKARTA, Indonesia (AP)—President Sukarno's government launched a full-scale land, sea and air attack in the North Celebes today to crush the last major stronghold of the four-month-old rebellion.

The Indonesian navy said the invasion force landed at daybreak 20 miles from Manado, the North Celebes rebel capital.

The government strategy apparently was to seal off the tip of the 20-mile-wide North Celebes peninsula for a final assault on the volcano-ringed seaport.

Fairfield

Community Mothers Club will meet tonight at the home of Mrs. George Zohnd of Eureka Road, with Mrs. Helen Stacy, co-hostess. Articles will be by Mrs. Ruth Hawkins and Mrs. Kenneth Frost. Election-Year Social Security Drive to Open

WASHINGTON (AP)—The biennial election-year drive in Congress to liberalize Social Security benefits opens today before the House Ways and Means Committee.

With the possible exception of cost-of-living increases for some classes of old-age beneficiaries, the Eisenhower administration is opposed to any across-the-board liberalization of benefits.

For the first time in its history the system this year is paying out more in benefits than it is asking in although trustees reported to Congress last Friday the situation is temporary and not unexpected.

But the political appeal of doing something for the "old folks" is strong in Congress. In 1950, 1952, 1954 and 1956 Congress voted to liberalize the system. And 1958 is another election year.

Consideration of any broad-scale revisions of the law probably will be left for the next Congress, but improvements in the scale of benefits are considered possible this year. These benefits now average around \$66 a month for the nearly 11 million pensioners drawing payments under the system.

Auto Industry Pact Talks Due to Resume

DETROIT (AP)—Contract talks were back on tap in the auto industry today but without any sign which way they might be going. Ford and General Motors were due to meet with the United Auto Workers today. Chrysler talks resume Tuesday.

This is the start of the third no-contract week since expiration of the UAW agreements with the Big Three and the impasse seems still unyielding.

None of the principals has given a hint of progress.

The UAW has gone ahead with the formality of strike votes among its locals at General Motors, Ford and Chrysler. The union says so far the vote has been 10-1 in favor of a strike at GM.

Union Orders End to London Dock Strike

LONDON (AP)—Most of the 20,000 dock workers whose month-long strike jeopardized London's food supplies returned to work today on union orders.

A back-to-work vote was under way also among 50,000 striking London bus workers. It appeared likely that the stoppage, now in its seventh week, would be over by Wednesday or Thursday.

The dockers had walked off the job in sympathy with a group of meat truck drivers who are still on their unofficial strike. The drivers sought higher wages.

MORMON'S GRANDSON DIES

BETHANY, Mo. (AP)—Israel A. Smith, 82, president of the reorganized Church of Jesus Christ of Latter Day Saints and a grandson of Joseph Smith Jr., founder of the Mormon faith, died Saturday of injuries suffered in a highway accident. He was born in Plano, Ill.

UNION ELECTION SET

CLEVELAND (AP)—Bailey Co. department stores, acquired earlier this week by Century Food Markets of Youngstown, may be the first big department store here to be organized by the Retail Clerks Union and the Office Employees Union. The two appear as a single choice on ballots to be cast within 30 days in a National Labor Relations Board election.

MEN OF THE POINT—Three generations of West Pointers gather at the Military Academy for graduation of John M. Daley. With him are his father, Maj. Gen. John P. Daley, '31, grandfather, Maj. Gen. Edmund L. Daley, '06 (Ret.).

Bob Hope to Star In St. Louis Opera

ST. LOUIS (AP)—Comedian Bob Hope takes a sentimental journey into the past tonight.

At the St. Louis Municipal Opera he'll be appearing in the role of band leader Huckleberry Haines in "Roberta," a role he created 25 years ago on Broadway. It started him on the way to being one of the wealthiest, best known—and most loved comedians in show business.

"I'm getting a kick out of this," he commented. "It's great to be back in a book show. First time since I did 'Roberta' at the Los Angeles Civic Opera in 1933. It's fun."

It is the first time the municipal opera has ever paid a performer \$15,000 for a week's work. The conservative Muni in the past has considered \$1,500 tops for a star. This is the opera's 40th anniversary year.

ADLAI ARRIVES IN LONDON

LONDON (AP)—Adlai Stevenson arrived in London today to start a tour of European countries, including the Soviet Union. The former Democratic president

tial nominee told newsmen, "I hope to go on to Siberia for some sightseeing there—but I hope it's not for keeps."

Bids Being Received For Road Projects

Contractors' bids are being received this week for two highway repaving projects of 4.3 miles in Mahoning County, according to an announcement today by the Ohio Department of Highways.

The department is receiving bids for repaving a distance of 1.9 miles on Rt. 224 eastward from Canfield. The second project calls for repaving of 2.4 miles on Rt. 45 near North Jackson, extending from the junction with Rt. 18 northward to the junction with Rt. 46.

Bids for the Mahoning County projects will be opened June 24 in Columbus by the department. The projects are scheduled to be completed by Oct. 1, the department reports.
